## Introduction

Indigo Pipelines Limited does not sell gas but ensures it is transported to you in a safe and efficient manner. The companies that do sell gas to you are called Gas Suppliers, and you should contact your Gas Supplier if you have any questions about buying gas, your gas bill, your meter or meter reading. You can find your Supplier's telephone number on your gas bill or statement.

Indigo Pipelines is committed to delivering the best possible service to our consumers. The operation of Indigo Pipelines' network assets has been contracted to SSE Enterprise Utilities, a trading name of SSE Utility Solutions Ltd, part of SSE plc. SSE is a major utility with many years of experience building and operating public gas networks. This leaflet sets out when and how you might expect to be contacted by Indigo Pipelines or SSE Enterprise Utilities (acting on behalf of Indigo Pipelines) and how you can get in touch with us to enquire or complain about any service we provide. It also details the steps SSE Enterprise Utilities and Indigo Pipelines take to ensure that only properly trained, SSE Enterprise Utilities staff or approved contractors visit your home and the special services available for customers who are blind, partially sighted, deaf or hearing impaired.

**This leaflet can be obtained in Braille,  
audio or large print on request.**

## Gas Emergencies

The free-phone national gas emergency service is run by Cadent (formerly known as National Grid Gas) on behalf of all gas transportation companies including Indigo Pipelines. This operates 365 days a year, 24 hours a day and calls are free of charge. Indigo Pipelines service provider, SSE Enterprise Utilities, is responsible for ensuring that a qualified engineer attends reported gas emergencies inside or outside your home or business in Indigo Pipelines areas. If you can smell gas, call free on:

**0800 111 999**

All calls to this emergency number are recorded and may be monitored.

If you are deaf or hearing impaired and have a Minicom or Textphone you can use the following number to call the gas emergency service:

**0800 371 787**

The operator who takes your details will ask you if there are any special circumstances SSE Enterprise Utilities need to know about when they call on Indigo Pipelines behalf. It will assist us to help you if we know of any special needs such as visual or hearing impairment or difficulties with mobility. If English is not your first language don't worry, you can still call the gas emergency service on 0800 111 999 and they will find an interpreter who can translate for you.

## Emergency Visits

SSE Enterprise Utilities (acting on behalf of Indigo Pipelines) may need to visit you to deal with a reported gas emergency. If called to your home, they will abide by this Code of Practice. If it is necessary, for safety reasons, for SSE Enterprise Utilities to disconnect the gas supply to your home and you fall into one of the following three categories, we will seek to provide you with alternative temporary heating and cooking facilities. The categories are:

- You are disabled, chronically sick or of pensionable age;
- You live with anyone who is disabled or chronically sick, of pensionable age or a minor;
- You are included on the Priority Service Register run by your gas Supplier.

However, it is both Indigo Pipelines' and SSE Enterprise Utilities' policy to be sympathetic to the needs of other consumers as well as those covered by the three categories. We will always try to make sure that in exceptional circumstances, temporary heating and cooking needs are met, using local judgement on a case by case basis. When SSE Enterprise Utilities or our contractors call, please tell us if you have any special needs we should know about.

## Working in the Highway

During the essential maintenance and repair of the gas distribution pipeline system to ensure continued safe operation, there may be some inconvenience caused. We will try to use the most up to date techniques to help keep disruption to a minimum.

You can expect:

- Not less than five days notice of any mains or service planned replacement works in your road, to inform you that an interruption of your gas supply may occur as a result of our planned activities.
- All vehicles and plant will be parked safely avoiding obstruction to the road and driveways etc.
- Where it is necessary to excavate across access roads and driveways we will always speak to residents concerned before starting the work.
- The site will be left in a safe and tidy condition at the end of each working day.
- SSE Enterprise Utilities staff and its contractors acting on behalf of Indigo Pipelines will act professionally and courteously at all times.

The visit will either be made by a SSE Enterprise Utilities employee or another contractor working on our behalf. SSE Enterprise Utilities has arrangements in place so that you can be sure that only properly trained, SSE Enterprise Utilities staff or contractors visit your home. If you wish to confirm the identity of the person visiting your premises you can telephone the number located on their ID card. This contact will confirm whether the person is an authorised representative working on SSE Enterprise Utilities' behalf.

## **Priority Services Register and Use of Passwords**

Your gas Supplier has licence obligations to maintain a register and to offer special help to customers who are of pensionable age, disabled (including customers who are blind or partially sighted, or deaf or hard of hearing) or chronically sick. In addition to a number of other free benefits, by registering on the Priority Service Register (PSR) through your gas Supplier, you may be entitled to receive free gas safety inspections of appliances and pipework on your side of the gas meter. Please contact your Supplier for more information. From 1 June 2018, your Supplier will only collect personal data from you to be stored on the PSR where you have explicitly consented to this. The PSR is maintained by the Central Data Service Provider (Xoserve). Xoserve will transfer your personal data to SSE Enterprise Utilities (on our behalf), and SSE Enterprise Utilities will hold it on a database and use it in order to fulfil its contract with us, to enable us to meet our statutory obligations as a gas transporter.

Gas Suppliers also operate password schemes through the Priority Services Register. If you arrange an appointment with SSE Enterprise Utilities through your gas Supplier, the person visiting you will use the password that is recorded on the Register. Please contact your gas Supplier if you would like to receive further information regarding the free services available to you. If you are not on the Priority Services Register, are of pensionable age, disabled or chronically sick or if you would like to feel more secure, we can agree a password with you when we make an appointment. We will quote this when we visit you so you will know the caller is genuine.
