Introduction

Indigo Pipelines Limited is a Licensed Gas Transporter and has an obligation under the Independent Gas Transporters' Uniform Network Code (iGT UNC) to publish a Metering Charging Statement.

The operation of Indigo Pipelines' network assets has been contracted to SSE Enterprise Utilities, a trading name of SSE Utility Solutions Ltd, part of SSE plc. SSE is a major utility with many years of experience building and operating public gas networks.

Indigo Pipelines is an approved Meter Asset Manager. We are pleased to offer licensed Shippers / Gas Suppliers, Meter Asset Management (MAM) services to meter points on Indigo Pipelines managed networks, in accordance with the terms defined in the iGT UNC. This document sets out the charges for these services from 1st April 2018 and replaces any Metering Charging Statement previously published by Indigo Pipelines under its current or former name of SSE Pipelines Limited. Annual Rental charges (charges for MAM services) are based on the badged QMax of the meter installed at the meter point measured in standard cubic meters per hour (SCMH). Transactional Charges will be charged as per the Work Title descriptions shown on pages 3 to 5. The Work Title shall be decided by SSE Enterprise Utilities staff unless mutually agreed between the requester and SSE Enterprise Utilities.

Invoicing

Indigo Pipelines, or SSE Enterprise Utilities acting on behalf of Indigo Pipelines, will invoice for 'MAM services' (charged daily) whilst appointed by the Registered System User as set out in the 'Annual Rental Charge' section of this document, and for transactional services in respect of meter work activity as set out in the 'Transaction Charges' section of this document. Indigo Pipelines, or SSE Enterprise Utilities acting on behalf of Indigo Pipelines, produces and issues invoices derived from the charges shown in this document. All charges are exclusive of Value Added Tax. A Shipper can query any invoices issued (in accordance with the iGT UNC) by contacting us (contact details can be found on page 6). All prices shown in this document are in £ Sterling.

Contact

For more information on the charges shown in this document please contact us (contact details can be found on page 6).

Annual Rental Charges

Low, Medium and Intermediate Pressure Metering Installations (<= 7barg)

Transactional Charges

Important Information

Transactional Charges shown are for domestic sized meters (< 11SCMH) other meter sizes will be quoted on a case by case basis, and are available by contacting us (details shown on page 6). Any work downstream of the meter outlet is excluded unless specifically mentioned. In all cases, service pipe installation, alteration and disconnection will be subject to additional charges.

Out of Hours Visits

The Transactions charges described in this statement are carried out during working hours. If transactional work is required outside these times it will be with the mutual consent of SSE Enterprise Utilities. Transaction charges will be multiplied by the following amounts if Transaction work falls outside of working hours:

Multiple	Description
1 times	Normal Working Hours: 9am to 4pm – Monday to Friday (excluding Bank Holidays*)
1.5 times	Evenings: 4pm to 8pm Monday to Friday (excluding Bank Holidays*)
2 times	Other Times: All other times including Weekends, Bank Holidays* and Weekdays between 8pm and 9am.

* Bank Holidays according to the territory in which the transaction work is being undertaken. In England & Wales this means public holidays in which banks in the city of London are closed. In Scotland this means public holidays that are observed in Scotland according to the Banking and Financial Dealings Act 1971.

SSE Enterprise Utilities Engineer Hire

The rates shown apply for work on meters under 11 SCMH not covered in the descriptions above, other terms and conditions may apply please contact us for details.

Work Title	Description	Charge
Half Day Hire*	Half day hire of SSEPL Operative	£ 647.37
